Palo Alto, CA 94306

Dear Ms. Johnson:

Attached, per your September 27 request, are three examples of what the Environmental Protection Agency has determined to be acceptable and adequate responses to requests for information pursuant to authorities under CERCLA and RCRA. I have not attached any appendices which the companies may have submitted but they include, among other things, purchase orders, hazardous waste manifests, reports from the Mountain View Fire Department and insurance policies. If you need further clarification or information, please do not hesitate to call me at (415) 974-7411.

Sincerely,

15/

Gregory E. Eckert
